

Bookmarks

Last Modified on 05/02/2018 6:01 pm EDT

Bookmarking pages lets you easily find activities and indicators of interest to you on your dashboard.

Bookmarking a single activity or indicator

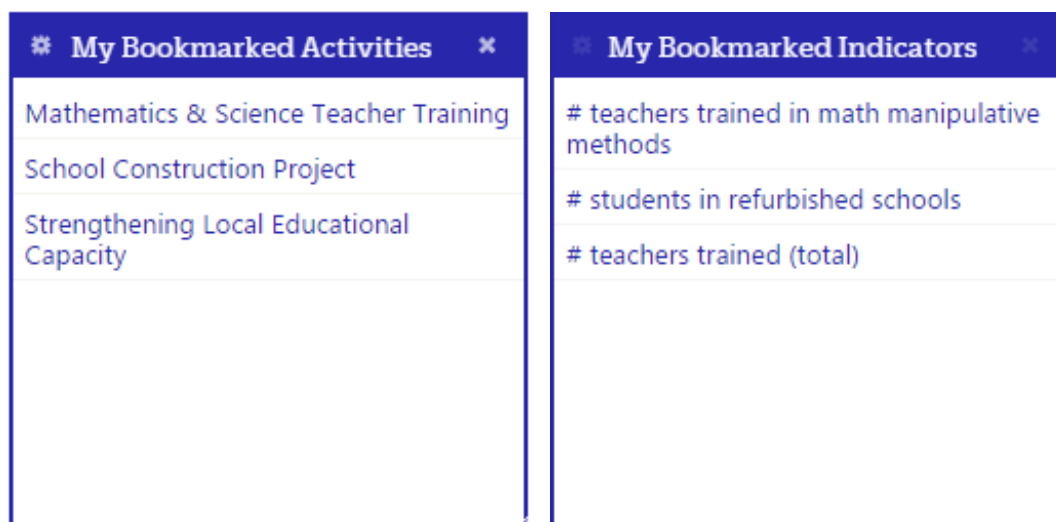

You can bookmark indicators and activities by clicking on the star in the top right of any activity page or indicator page. Here's an indicator page that is not bookmarked:

And here's an activity page that is bookmarked:

When you **edit a dashboard**, you can add tiles of bookmarked activities or bookmarked indicators. The tiles show lists of your bookmarks as links to the activity or indicator page.

You can un-bookmark a bookmarked activity or indicator by simply clicking on the star again so that it returns to being gray.

Bookmarking multiple activities or indicators

You can also bookmark multiple activities or indicators. On the Activity or Indicator index page, select the activities or indicators you would like to bookmark. Then click the "Bookmark" button at the top of the index.

The screenshot shows the DevResults 'Activities' page for 'Example Organization'. The left sidebar contains filters for Geography, Status, Framework, Sector, Tag, Staff, Primary organization, and Awarding organization. The main area displays a table of 44 activities. Above the table, there are buttons for 'Bookmark', 'Assign indicators', 'Assign tags', 'Assign sectors', 'Change status', and 'Delete'. An orange arrow points to the 'Bookmark' button. The table has columns for Name, Ref #, Start Date, and Status.

Name	Ref #	Start Date	Status
Access to School Lunches	01-519-HBD-00-5414	1 Nov 2014	Active

You can filter to view only activities or indicators that have been bookmarked by typing "Is:Bookmarked" in the search bar.

The screenshot shows the same DevResults 'Activities' page, but with the search filter 'Is:Bookmarked' applied in the search bar. The table now displays only 4 activities that have been bookmarked. The 'Bookmark' button is still highlighted.
