To edit your program's narrative questions (not for partners), go to the Program Info dropdown menu and select "Narrative Questions".

The screenshot shows a web application interface. At the top, there is a navigation bar with tabs: Data, Program Info, Tools, Administration, and Bookmarks. The 'Program Info' tab is active, and its dropdown menu is open, showing options like Activities, Data Definitions, Indicators, Data Tables, Results Framework, Disaggregations, Narrative Questions (highlighted with a mouse cursor), Time, Reporting Periods, Reporting Cycles, Geography, Locations, Administrative Divisions, Map Overlays, and Merge Duplicate Locations. Below the menu, a table titled 'Narrative Questions' is visible. The table has two columns: 'Title' and 'Description'. The first row is 'Expected Results' with the description 'Describe expected results for this period'. Other rows include 'Indicator Comments', 'Activity Narrative', 'Issues', 'Recommendations', 'Upcoming Actions', and 'Performance Management Actions'. An orange arrow points from the 'Narrative Questions' menu item to the first row of the table.
