

Find Knowledge Base

Last Modified on 10/07/2025 9:57 pm EDT

The knowledge base is linked from every page of DevResults

Click on the **Help** button in the top right hand corner. You will see a dropdown menu of options for your account. You can either:

- Search for knowledge base pages directly in the search bar or
- Click on **Knowledge Base**. This will take you to the index page for the knowledge base.

The screenshot shows the DevResults dashboard interface. At the top right, there is a 'Quick search...' bar and a 'Help' button. A dropdown menu is open from the 'Help' button, listing various options. The 'Knowledge Base' option is highlighted in orange. Below the 'Knowledge Base' option, there is a search bar labeled 'Search knowledge base...'. Other options in the menu include 'Contact Helpdesk', 'My User Guide', 'What's New?', 'Release Notes', 'Index: fly all the choosers!', 'Integrations? We can help.', and 'See more on our blog'. The dashboard background shows several charts and maps, including an 'Activity Map' of West Africa and a line chart titled '1-c # individuals who have received agricultural productivity'.

The **For this page** section shows knowledge base pages that might be relevant to the DevResults page you're on.

The **My user guide** menu item shows knowledge base pages relevant to those with your permission levels.
