

# Change History

Last Modified on 07/08/2025 1:31 pm EDT

DevResults provides a detailed log of all changes made to a site, including information on who made the change and at what time.

To access the site history click on "Change History" under **Tools**:

The change history can be filtered by date range, user account that made the change, or by the organization they work for:

The screenshot shows the 'Change History' filter section. It includes a breadcrumb trail: Home > Tools > Change History. The 'Date' filter is expanded, showing two input boxes for a date range, with an orange arrow pointing to them. The 'User' filter is also expanded, showing a search box and a list of users with checkboxes: Francine Kotodzou (4), Peter Johnson (4), and Agatha McIntosh (2). An orange arrow points to the user list.

- ☐ Amelia Scott (2)
- ☐ Aicha Zeinab (2)
- ☐ Ibrahima Ndao (2)
- ☐ Celeste Lopez (2)
- ☐ Thierno Konté (2)
- ☐ Adriana Campbell (1)
- ☐ Alyssa Allen (1)
- ☐ Aaron Fox (1)
- ☐ Peggy Canelas (1)

### ▼ Organization

- Q
- ☐ Aid Alternatives, Incorporated (370)
  - ☐ Example Partner Organization (103)
  - ☐ Kunkle Associates (8)
  - ☐ Gates Foundation (2)
  - ☐ Sebastian Foundation (2)

Each change also includes detailed descriptions of the type of event, where the event occurred, and the source and outcome of the event.

	In the Checklist 'Activity Modification', Aasit Nanavati added the Checklist Item 'submit final report'.	19 days ago
	In the Indicator '# hectares of agricultural land (fields, rangeland, agro-forests) showing improved biophysical conditions as a result of USG assistance', Aasit Nanavati deleted the Comment 'There was political instability so we were unable to reach the community.'.	25 days ago
	In the Indicator '# hectares of agricultural land (fields, rangeland, agro-forests) showing improved biophysical conditions as a result of USG assistance', Aasit Nanavati added the Comment 'There was political instability so we were unable to reach the community.'.	25 days ago

For a more detailed and exportable change history, users can access the "Change History Export" under **Tools > Custom Queries**.
